Surface Reinstatement carried out by

.....

All requests require a Traffic Management Plan (TMP) completed up by a qualified STMS.

Assistance for these plans can be discussed with the Infrastructure Group - Roding Team.

Legal road is the area from adjoining properties boundary to boundary to any opposite boundary which includes footpaths and road reserve.

Please complete page 2

Have the following services been physically located on site?

Water Sewer Stormwater Gas Electricity Communication

Provide site diagram showing measurements in metres to nearest side boundary (use space below)

*The Applicant, Network Utility Operator or Contractor remains responsible for **rectifying any defects in the trench reinstatement for a period 24 months after the surfacing is completed.***

Note: This notification refers to all work within the legal road reserve.

I acknowledge that as the applicant I am responsible with meeting all conditions associated with this document and must adhere to all Manawatu District Council and Rangitikei District Council Standards, New Zealand Standards, Regulations and Statutes.

Any non-conforming work shall be removed and replaced to meet these requirements at the applicants expense.

Driveways are a private asset and remain the property of the land owner. They are not maintained by the Manawatu District Council and Rangitikei District Council.
