

A close-up photograph of a white dog with striking blue eyes, looking slightly to the left. The dog has a black collar with a tag. The background is a textured, light-colored surface.

Manawatū District Council
Annual Report on Dog Control

1 July 2020 – 30 June 2021

PART 1 – Dog Control Policy and Practices

Dog Control in the District

The focus of dog control has been on responding to service requests and complaints within the timeframes set by Council through its Long Term Plan and Annual Plan.

Animal Control Officers have, in this period, made concerted efforts at being pro-active in the detection of offences. This was specifically targeted at dogs that were un-registered, and also dogs that were allowed to wander.

Council's approach to owners of unregistered dogs is that the Animal Control Officers conduct property inspections, owners are issued verbal or written warnings followed by the serving of an infringement notice, and as a final measure if absolutely necessary, impounding.

Pro-active efforts were also made to ensure that all dogs were classified correctly in accordance with the provisions of the Dog Control Act 1996.

A joint service agreement is provided in partnership with the Rangitikei and Manawatu Districts. A Senior Animal Control Officer is based between the two areas and two Animal Control Officers are based in Feilding.

Animal Control Officers respond to priority one calls after hours. Priority One calls include dog attacks.

Animal Control Officers have visited properties of 'selected owners' in the district to ensure that the properties are maintained to the appropriate standard required for this type of ownership status.

Nuisance from dogs

Animal Control maintain a list of all dogs classified as dangerous and menacing under the provisions of sections 31, 33A and/or 33C of the Dog Control Act 1996. Physical checks have occurred within this period to ensure that all dogs classified as menacing, regardless of the reason why, comply with the requirements of the classification.

Prohibited public places, dog on leash areas and dog exercise areas

There are specific areas within the Manawatu District Council area designated for exercise, lead only and prohibited areas.

Animal Control Officers approach any breaches of these requirements in an educational manner, with any issue of infringements undertaken as a last resort.

The dog control policy and bylaw were reviewed and adopted on 10 October 2019. The dog ban area in the centre of town has been removed in favour of a dog friendly town centre following the public consultation process. There has been an increase in dogs on a lead in the town centre.

Fees for Dog Control and Registration

The registration fees for the 2020 – 2021 financial year were made up as follows:

Fee description	Discounted fee if paid by 1 August 2020	Standard Fee if paid after 1 August 2020
