I  support OR  oppose the application of: Energy Bay Ltd  
to (proposal of applicant) establish and operate a solar farm.

The particulars of the application my submission deals with are: Plan ref. M. Dougherty's Rd  
lot 2 DP67352 - as lessee of this land plus  
adjoining farm owner.

The reasons for my submission are: We lease the land (160ha) off TD, P & J Moore.  
T & P Moore are Steph Norman's parents. We have first right  
to purchase the land we lease and which we plan to do so. We  
had future plans to build a house on one of the lease blocks  
which was to enjoy amazing views over the surrounding  
countryside. A solar farm would destroy (attach further sheets if necessary)  
(see attached)

What decision do you wish Council to make?

Reject the application.

Do you wish to be heard in support of your submission?

Yes

No

Signature: [Signature]  
(to be signed for or on behalf of person making the submission)

Date: 29.5.2023

If you wish to email your submission, please do so by emailing it to: info@tararua.govt.nz

Please note: All information provided becomes public information

I do not wish my contact details to be made public

NOTE: You are required to serve a copy of this submission to the applicant.

these long term plans/dream of ours.

Also, we currently live on Daugherty's Rd and have views over mangamairi. There is a real possibility that solar glare will affect us now, especially as some trees that are currently in our view are soon to be removed which will open up the view to the solar panels even more so.

Unfortunately, we haven't even been consulted on these issues and only found out about the up-coming plan through the Moore's.

We believe a solar farm will devalue our property and the property of the owners of the blocks we lease.
