

- Appendix 6 - Consultation Record

Contact Details	Date	Consultation Stage	Method of Communication	ONFL	Comment
Resident of Rangiwahia	2015	Background 2015 Issues and Options	Phone	ONF 5 – Titirangi	Concern relates to a reference on the summary analysis sheet to the 'Tui Walk'. The Tui Walk is a 6 hour tramp, promoted by neighbour. It is not a formal access/walk, rather a 'gentlemans agreement' between neighbours vis-a-vis access across their land to the Reserve. Concerned that people reading the report will assume that this is public access and that they can cross their land. He further advised that the primary access to the reserve is from the Rangitikei District. Horizons and DOC have accessed the Titirangi Reserve through his land, for the purpose of weed control. Noted concerns with the extent of invasive weeds in the Reserve, and implications of the ONFL in terms of plant pest control, etc.
Resident of Rangitikei Valley	2015	Background 2015 Issues and Options	Phone	ONL 3 – Rangitikei River	Unable to attend Apiti meeting but would like to meet with John Hudson in January 2016. Was concerned that the map scale is difficult to interpret and requested a Map that showed their property as it 'sat' within the ONFL.
Resident of Pohangina Valley	2015	Background 2015 Issues and Options	Phone	ONF 9 – Upper Pohangina River	Phoned for more information about the Apiti meeting. Concern that early history of the Pohangina area is being lost as older people pass on, e.g. Road Naming. Also noted Creamery Steps remnants from early dairy industry in the area. He noted that much of their knowledge has come from a self-published book by 'enwright' which is held by Archives Wellington. Council noted that this historical information is of general interested and may be useful to John Hudson.
Department of Conservation	2015	Background 2015 Issues and Options	Email	ONL 2 – Manawatu Coastline	Confirmed that DOCs primary interest is in the Manawatu Coastline. The Ranger noted the values of the coastline of particular interest as the inherently dynamic dunes and it's distinctive visual character, as well as the pockets of the rare endemic Pimelea sand daphne which it harbours. The ranger also stated that DOCs work in the area is mostly in terms of weed control, which may complement MDC's specific management techniques further down the line.

Resident of Apiti	2015	Background 2015 Issues and Options	Phone	ONF 8 – Makiekie and Limestone Creek	Questions raised on the relationship between District Council Plan Change and QEII covenants.
Resident of Apiti	2015	Background 2015 Issues and Options	Phone	All ONFL's	Wanted to understand the driver behind the Plan Change, Council Officers explained the statutory context behind giving effect to the Horizons One Plan.
Resident of Waituna West	2015	Background 2015 Issues and Options	Phone	ONF 12 – Nitsche/Gordon's Bush	Questions raised on the relationship between District Council Plan Change and QEII covenants.
Meeting at Apiti	2015	Background 2015 Issues and Options	Meeting	All Northern ONFL's	Meeting held in Apiti with 15 attendees, questions related to the proposed ONFL's and their overall extents.
Nga Manu Taiko	14/8/2018	General	Meeting	All ONFL's	Council officers introduced the Plan change to Nga Manu Taiko, the Manawatu District Council's Marae and Hapu Committee.
Ngāti Hauiti	19/10/2018	Clause 3B	Email	All ONFL's	Council contacted Ngāti Hauiti for the purposes of consultation regarding Plan Change 65 on 19/10/2018. A response was received from General Manager of Te Runanga o Ngāti Hauiti. This response detailed that the Iwi would send out the request for consultation to Iwi members, he also noted that the Iwi are now picking and choosing priority engagements due to capacity constraints.
Ngāti Apa	24/10/2018	Clause 3B	Meeting	All ONFL's	A meeting was held between the General Manager of Ngāti Apa's post settlement Iwi authority, Te Runanga o Ngāti Apa Trust, and Council Officers, along with John Hudson Landscape Architect.
Ngati Raukawa	13/11/2018	Clause 3B	Meeting	All ONFL's	Council Officers attended a Ngāti Raukawa hui to introduce the ONFL Chapter to the Iwi.
Ngati Raukawa	19/3/2019	Clause 3B	Meeting	All ONFL's	Meeting held with representative of Ngāti Raukawa and Council officers regarding the ONFL plan change. Iwi representatives agreed to provide a record of their individual values as they relate to the individual ONFL's.
Resident of Himatangi	23/6/2019	Clause 3 - Draft	Submission	ONF 14 – Pukepuke Lagoon	Supports the further protection of Pukepuke Lagoon

Resident of Waituna West	24/6/2019	Clause 3 - Draft	Submission	ONF 12 – Nitschke/Gortons Bush	Raises the point that ONF 12 is also protected by QEII covenant.
Resident of Rangiwahia	26/6/2019	Clause 3 - Draft	Submission	ONF 5 – Titirangi	Comment on the Tui Walk through Titirangi, that it hasn't been maintained for years and is located on private land.
Resident of Rangiwahia	25/7/2019	Clause 3 - Draft	Submission	ONF 11 – Rangiwahia	Supports the further protection of Rangiwahia Reserve, questions the extent of 'Rangiwahia' ONF.
Resident of Rangiwahia	3/7/2019	Clause 3 - Draft	Submission	Northern Manawatu ONFL's	Suggests that Council should recognise the individual Mountain Peaks along the Ruahine Range within ONL 1, also questions the drivers of proposed plan change 65.
Resident of Pohangina	19/7/2019	Clause 3 - Draft	Submission	General	Commends Council in initiating the plan change to protect the aesthetic values of the District. Suggests changes to fencing setbacks
Transpower	25/7/2019	Clause 3 – Draft	Submission	General	Provides comment on all proposed Objectives, Policies and Rules, with specific reference to relationship with Chapter 3A Network Utilities.
Resident of Mangaweka	29/7/2019	Clause 3 - Draft	Submission	ONF 3 – Rangitikei Valley	Questions regarding the extent of the Rangitikei Valley ONF.
Resident of Rangiwahia	2/8/2019	Clause 3 – Draft	Submission	ONF 6 – Dress Circle	Note that their property is located outside ONF, and appreciate that it has been removed as it does not contain any natural features.
Resident of Apiti	31/7/2019	Clause 3 – Draft	Submission	ONF 8 – Makiekie and Limestone Creek	State that they already protect the ONF. Wish for the land to remain under current landowners stewardship in consultation with local authorities.
Resident of Apiti	31/7/2019	Clause 3 - Draft	Submission	ONF 8 – Makiekie and Limestone Creek	State that they already protect the ONF. Wish for the land to remain under current landowners stewardship in consultation with local authorities.
Resident of Apiti	28/7/2019	Clause 3 - Draft	Submission	ONL 1 – Ruahine Range	Have requested the extent of the ONL be moved to match a QEII covenant on the property.
Resident of Waituna West	27/7/2019	Clause 3 - Draft	Submission	All ONFL's	Has provided detailed consideration and comment on all proposed Objectives, Policies, and Rules.

Geoscience Society of New Zealand	25/7/2019	Clause 3 - Draft	Submission	All ONFL's	Makes note that a definition for Outstanding Natural Landscapes exists, but not for Outstanding Natural Features. Provides a guide to identify Outstanding Natural Features.
Braemoar Farms Limited	7/8/2019	Clause 3 - Draft	Submission	ONF 13	Makes note that the plan changes reference to Te Ahu a Turanga is not consistent with their understanding. State that such a large area of private land should not be included in the ONF. Asks for compensation and state that they can manage the land better than Council.
Horizons Regional Council	9/8/2019	Clause 3 – Draft	Submission	All ONFL's	<p>Unsure how “maintain and enhance ... from inappropriate use and development” works as part of an objective, but does understand the intention in seeking to encourage enhancement by permissive regulation in the policy provision cascade.</p> <p>Feels policy gives effect to One Plan Policy 6-7 in NFL-P1.</p> <p>Notes MDC's intention to add value to the provisions using terms 'diminish' and 'not compromise or degrade'. But has concerns use of these words will buy a fight with those who will argue it's better to use words such as 'adverse effect' or 'effect no more than minor'.</p> <p>Does not understand intention of NPL-P18.</p> <p>Notes Horizons role in managing the Totorā Reserve Regional Park, and the struggle to use the reserve for recreation, and education, while protecting and enhancing significant natural resources on the reserve. Acknowledges that MDC has seen value in acknowledging the regional park by providing specific activity rules. Some routine activities are shared from the Horizons staff involved in Regional Park Management: River Protection Works, Track repairs after flood damage, buildings, linking some tracks within the Regional park walks.</p> <p>Notes that Horizons have no river control and flood protection functions in the Region. The draft PC seems silent on river control works, and Horizons would like to see it treated in a more permissive manner, based on its function of protecting and maintain the characteristics and values of the adjacent land.</p>
Department of Conservation	16/8/2019	Clause 3 - Draft	Submission	All ONFL's	Raised element of duplication in having separate objectives and policies with the same wording for both landscapes and natural features, e.g. NFL-O2 and NFL-O3. Combining policies is suggested as

					<p>they are addressed together in higher order statutory documents and section 6(b) of the Resource Management Act.</p> <p>Amend draft Policy NFL-P4 to refer to 'avoiding adverse effects' of land use and development, instead of the test being whether it 'diminishes' values and characteristics. Would give effect to Policy 15, NZ Coastal Policy Statement, and the Regional Policy Statement.</p> <p>Is confusing that there is non-complying status applied to certain rules regarding ONLs and discretionary activity status regarding ONFs, when policy direction for both is much the same.</p>
Tanenuiarangi Manawatū Incorporated	28/7/2019	Clause 3 - Draft	Submission	All ONFL's	The Iwi authority has raised a inconsistency between the proposed ONFL extents and their areas of statutory acknowledgement.
Forest and Bird	30/7/2019	Clause 3 - Draft	Submission	All ONFL's	Has provided detailed consideration and comment on all proposed Objectives, Policies, and Rules.
Powerco	31/7/2019	Clause 3 - Draft	Submission	All ONFL's	Has provided detailed consideration and comment on all proposed Objectives, Policies, and Rules.
NZTA + KiwiRail	31/7/2019	Clause 3 - Draft	Submission	ONF 13 – Manawatu Gorge	Asks that Manawatu Gorge ONF be reconsidered due to the road and rail designation through the ONF.
NZDF	31/7/2019	Clause 3 - Draft	Submission	All ONFL's	Request that Temporary Military Activities be a permitted activity within the ONFL's
Department of Conservation	16/8/2019	Chapter 3 – Draft	Submission	All ONFL's	<p>Element of duplication in having separate objectives and policies with the same wording for both landscapes and natural features, e.g. NFL-O2 and NFL-O3. Combining policies is suggested as they are addressed together in higher order statutory documents and section 6(b) of the Resource Management Act.</p> <p>Amend draft Policy NFL-P4 to refer to 'avoiding adverse effects' of land use and development, instead of the test being whether it 'diminishes' values and characteristics. Would give effect to Policy 15, NZ Coastal Policy Statement, and the Regional Policy Statement.</p> <p>Notes confusion that there is non-complying status applied to certain rules regarding ONLs and discretionary activity status regarding ONFs, when policy direction for both is much the same.</p>

Nga Manu Taiko – Manawatu District Council	13/8/2019	General	Meeting	All ONFL's	Council Officers provided a District Plan programme update to Manawatu District Council's Marae and Hapu Committee, this included a discussion on the proposed ONFL chapter. Welcomed feedback any Marae or Hapu had on the draft Natural Features and Landscapes Chapter.
Ngāti Ruakawa	12/8/2019	Clause 3B	Meeting	All ONFL's	Representatives of Ngāti Ruakawa meet with Council officers, Ngāti Ruakawa provided Council with a powerpoint presentation that outlined their values. These values have been incorporated into the ONFL appendices which outline the individual ONFL's special features.
Tanenuiarangi Manawatū Incorporated	16/10/2019	Clause 3 - Draft	Meeting	All ONFL's	Council has met with representatives of Rangitane o Manawatu on two occasions to discuss resource management issues of concern to Rangitane o Manawatu. These discussions focused around scope of the Plan Change, and what constitutes a ONFL, acknowledging that protection of cultural landscapes may best be located in other District Plan Chapters. Rangitane o Manawatu representatives offered to provide planning input into the areas of the plan change which they were interested in, namely the 'ONFL fact tables' that will be an appendix to the District Plan. Council embraced this approach and have used the Iwi's comment
Muaūpoko	29/10/2019	Clause 3B	Meeting	All ONFL's	Council met with representatives of Muaūpoko Iwi. Muaūpoko have confirmed that the Iwi authority has no further comment on the proposed ONFL's
Transpower	21/11/2019	Clause 3 – further clarification	Email	All ONFL's	Additional feedback on provisions, with specific reference to Network Utilities.
Powerco	21/11/2019	Clause 3 – further clarification	Email	All ONFL's	Additional feedback on provisions, with specific reference to Network Utilities.
Forest and Bird	25/11/2019	Clause 3 – further clarification	Email	All ONFL's	Additional feedback on provisions, with specific reference to earthworks provisions.
Ngāti Kauwhata	16/12/2019	Clause 3B	Memo	All ONFL's	Ngāti Kauwhata provided a memorandum which details their interests within the ONFL's. These interests have been added to the relevant appendices of the proposed plan change.

Ngāti Apa, Muaūpoko, Ngāti Hauiti, Ngāti Ruakawa, Rangitāne o Manawatu Ngāti Kauwhata, Ngāti Tūwharetoa	17/01/2020	Clause 3B	Email	Proposed Plan Change	The Principal Policy Planner continued correspondence with all mandated Iwi authorities regarding PC 65. An email was sent which included an advanced version of the proposed plan change which included proposed provisions
Ngati Apa	28/01/2020	Clause 3B	Meeting	All ONFL's	This hui was organised following the email sent by the Principal Policy Planner on the 17 th of January. Following this hui Ngāti Apa agreed to provide Council with comments on their associations within the proposed ONFL's. The comments received have been added to the relevant appendices of the proposed plan change.
