

# Application for resource consent

## Information checklist

### All applications must include the following information

- A description of the activity.
- A description of the site where the activity will occur.
- The full name and address of each owner or occupier of the site.
- A description of any other activities that are part of the proposal to which this application relates.
- A description of any other resource consents required for the proposal to which this application relates.
- An assessment of the proposed activity's effects on the environment.
- An assessment of the activity against Part 2 of the Resource Management Act 1991. This will need to address section 5 'Purpose', section 6 'Matters of national importance', section 7 'Other matters', and section 8 'Treaty of Waitangi'.
- An assessment of the activity against any relevant objectives, policies, or rules in the District Plan.
- An assessment of the activity against any relevant requirements, condition, or permissions in any rules in a document listed in section 104(1)(b) of the Resource Management Act).
- Record of title(s) for the subject site.  
This must be less than 3 months old. Please attach the title(s) and any consent notices, covenants, easements attached to the title(s).
- Site plan or scheme plan.  
Please provide at an appropriate scale (for example 1:100) showing the location of the building or activity in relation to all site boundaries. The site plan should include the following where relevant:
  - North point
  - Title or Reference No.
  - Scale
  - Date the plans were drawn
- Topographical information
- Natural features, including protected trees, indigenous vegetation, water courses
- Archaeological and/or cultural/heritage sites
- Record of Title boundaries/location of fence positions relative to boundaries
- Accessways and road frontages, including proposed crossing places/right of ways
- Onsite manoeuvring and existing and proposed car parking spaces
- Legal and physical roads
- Existing buildings
- Existing wells and/or effluent disposal systems
- Buildings on adjacent sites
- Layout and location of proposed buildings and activities in relation to legal site boundaries
- Earthworks design and contours/areas of excavation
- Landscaping
- Site coverage calculation
- Details of any signage (sign design, dimensions and location on buildings)
- Areas subject to hazards e.g. unstable slopes, areas of flooding, peat soils or fill
- Areas of potential or confirmed contamination
- Elevation plans.  
Please provide at an appropriate scale (for example 1:50, 1:100 or 1:200) and show all structures to be constructed or altered, showing the relationship and appearance of proposed buildings.
- Floor plans of proposed building or buildings to be used for the activity.  
Please clearly show the use of each area/buildings.
- Engineering design plans for any water, wastewater and stormwater works.  
(Only concept engineering plans are required at this stage.)

Continued over page ►

- An assessment of the activity against any relevant provisions of a:
  - National Environmental Standard
  - National Policy Statement
  - Regional Policy Statement
  - Regional Plan
  
- A description of any part of the activity that is permitted under the District Plan.
  
- If a permitted activity is part of the proposal to which the application relates, a description of the permitted activity that demonstrates it complies with the relevant requirements and conditions for that permitted activity (so that resource consent not required for that activity).
  
- An assessment of effects (AEE) of the activity.

**An AEE is an essential part of your application. If an AEE is not provided Council is unlikely to accept your application.**

**The AEE should discuss all the actual and potential effects of your proposed activity on the environment. Schedule 4 of the Resource Management Act outlines all of the matters that must be addressed in your AEE. The amount of detail provided must reflect the scale and significance of the effects that the activity may have on the environment. For example, if there are major effects arising from the proposal, a detailed analysis and discussion of these effects must be included in the AEE. It may require the provision of information from specific experts (e.g. a traffic engineer). If the effects of the proposal are very minor, then a less detailed AEE can be submitted.**

*The Council has information available to assist you to prepare the AEE – please contact us if you have any questions.*

## All applications for subdivision consent must also include the following information

- The position of all new boundaries.
- A north arrow and the scale (1:2000).
- All proposed and existing easements (including private easements).
- Any amalgamations.
- Stages (if proposed).
- Dimensions and sizes of existing and proposed new lots.
- Legal and physical roads, accessways and rights of way including grades (if applicable).
- All existing buildings and structures, their distance to existing and proposed boundaries and the position of any eaves in relation to rights of way/accessways.
- The areas of all new allotments, unless the subdivision involves a cross lease, company lease, or unit plan.
- The locations and areas of new reserves to be created, including any esplanade reserves and esplanade strips.
- The locations and areas of new reserves to be created, including any esplanade reserves and esplanade strips.
- The locations and areas of any part of the bed of a river or lake to be vested in a territorial authority under section 237A.
- The locations and areas of any land within the coastal marine area (which is to become part of the common marine and coastal area under section 237A).
- The locations and areas of land to be set aside as new roads.

## Other useful information

The following examples of information are not compulsory, but they will be useful in helping Council make an informed decision about your application. Submitting this information, if it is relevant to your proposal, may save time and costs further down the track.

- Locality plan or aerial photo.  
Please provide at an appropriate scale (for example 1:500). Please indicate the location of the site in relation to roads and other landmarks. Show the street number of the subject site and those of adjoining sites.
- Volume of any earthworks.  
This must include area and volume of soil removed/imported and depth of cut/fill.
- Details of Hazardous Activities and Industries (HAIL) List activity.  
Please refer to Tararua District Council's [HAIL form](#).
- Any written approvals including details of those sought but not obtained.  
Please include any signed written approval forms and signed plans, if acquired.
- Specialist reports to support your application.  
This may include traffic impact studies, landscape and planting plans, acoustic design certificates etc.
- Details and outcome of any consultation undertaken with adjacent landowners and occupiers, and relevant bodies (for example, the Regional Council, Heritage New Zealand Pouhere Taonga, Transpower, KiwiRail, Waka Kotahi NZ Transport Agency, Department of Conservation etc).
- Details of any consultation undertaken with iwi  
If you are unsure whether your proposal may affect matters of interest to iwi, or who the relevant iwi groups might be, please discuss this with Council prior to lodgement.
- Any other information arising from specific District Plan provisions.

## Other information to include in an application for subdivision consent, if it is relevant to your proposal

### Proposal details

- Site coverage calculations.
- Existing and proposed crossing places and sight distances and separation distances between crossing places.
- Building platforms for all allotments including shape factors.
- Onsite manoeuvring and existing and proposed vehicle parking spaces (where required).

### Network utility operations

- Existing high voltage electricity lines and gas lines.
- Location of existing and proposed service connections (including connections to reticulated services) and/or systems – i.e water, wastewater, stormwater, and any easements.
- Onsite effluent treatment and disposal areas and fields.

### Natural features

- Significant trees, bush stands, protected trees (including their extent of their drop line), covenanted areas or other features.
- Water bodies.

### Heritage

- Archaeological and/or cultural heritage sites.

### Hazards

- Areas of likely or confirmed contamination.
- Natural hazards – section 106 assessment (unstable slopes, liquefaction, flooding, ponding etc).
- Details of proposed stormwater management appropriate to the scale and nature of the subdivision.
- Pipework and onsite stormwater systems.
- Open drains (including ownership).
- Effect of subdivision and end use on existing overland flow paths.
- Contours showing existing and finished ground level (levels to the relevant datum) at 0.5 metre intervals within the subdivision, and at 2 metre intervals on adjoining properties (to enable effects on those properties to be assessed). A separate plan may be needed to show these details.
- Areas of proposed or existing fill or excavation.
- Any proposed retaining walls or embankments (note if retaining wall over 1 m is proposed, a typical cross section is required).
- In urban areas, details of the percentage of proposed and existing impermeable and permeable areas.
- Elevations (to scale) of buildings that are affected by the location of new boundaries (e.g. where height in relation to boundary rules apply).

## National Environmental Standards (NES)\*

Please let us know if you require consent under a National Environmental Standard. National Environmental Standards are regulatory documents that contain standards pertaining to certain matters – e.g. management of contaminated land, telecommunications.

Is consent required under a NES?  Yes  No  I don't know

Tick the following applicable NES:

NES for air quality

NES for drinking water

NES for telecommunication facilities

NES for electricity transmission services

NES for assessing and managing contaminants in soil to protect human health (**refer to Tararua District Council's HAIL form**)

NES for plantation forestry

\* For further information about National Environmental Standards, their requirements and forms, please refer to any other sheets provided with these application forms.

## Pre-application information

We recommend that you have a pre-application discussion about your proposal with a Council planner.

Have you had a pre-application meeting with a Council planner?  Yes  No

Have you had any other conversations with any other Council staff?  Yes  No

Date of meeting  /  / 2 0

Names of Council staff you have spoken with

Have you attached any minutes/notes from the meeting?  Yes  No

---

## Notification

The Resource Management Act 1991 allows applications to be notified for public submissions on request of the applicant.

Are you requesting that your application be publicly notified?  Yes  No

If you answered 'yes' to the above question, please attach a short summary outlining the details of your application.

Have you attached a summary?  Yes  No

Do you have a dog on the property?  Yes  No

Is there any hazard that may place a visitor at risk?  Yes  No

Provide details of any entry restrictions that Council staff should be aware of – e.g. health and safety, organic farm etc.

  
  

---

## Draft conditions

When a consent is granted, Council can include conditions to manage any adverse effects.

Do you wish to see draft conditions prior to Council making a decision on the application?  Yes  No

By ticking this box, I understand that the opportunity to review the draft conditions is an act of good faith by the Council and is intended to assist with identifying errors, not to encourage debate over conditions. I further understand that Council has the right to continue processing the consent if too much time is taken with the circulation of draft conditions. By requesting draft conditions you agree to an extension of time under section 37 of the Resource Management Act for the time it takes to resolve draft conditions.

## Fast tracked resource consent

The Resource Management Act 1991 provides for land use activities that have a Controlled Activity status to be fast tracked through the resource consent process and processed within 10 working days by Council. Your consent may be fast tracked if you tick yes to the two questions below.

1. Is this application for a controlled activity (land use only)?  Yes  No
2. Have you provided an electronic address for service?  Yes  No

Tick if you wish to opt out of the fast track process.

## Signature of the applicant(s) or agent

Please read the information below before signing the application form.

### Payment of fees and charges

I have read and completed any supplementary forms and/or guidance as provided by Council related to fees and charges.

I/we understand that Council will invoice me for the actual and reasonable costs incurred in the processing of this application. Subject to my/our rights under sections 357B and 358 of the Resource Management Act, I/we undertake to pay all and future processing costs incurred by the Council. The Council may issue interim invoices for applications. Without limiting the Council's legal rights, if any steps, including the use of debt collectors, are necessary to recover unpaid processing costs, I/we agree to pay all costs of recovering those processing costs. If this application is made on behalf of a trust (private or family), a society (incorporated or unincorporated) or a company, in signing this application I/we are confirming that I/we are authorised to bind and are binding the trust, society or company to pay all the above costs and guaranteeing to pay all the above costs in my/our personal capacity.

### Privacy information

The Council requires the information you have provided on this form to process your application under the Resource Management Act and to collect statistics. The Council will hold and store the information, including all associated reports and attachments, on a public register. The details may also be made available to the public on the council's website. These details are collected to inform the general public and community groups about all consents which have been processed or issued through the Council. If you would like to request access to, or correction of any details, please contact the Council.

### Information checklist

The information checklist provided overleaf sets out the full set of mandatory information that Council requires for your application to be considered complete. If inadequate information is supplied with your application, this will cause delays in processing or may result in the application being returned pursuant to section 88(3) of the Resource Management Act. Your completed application should be submitted to Council with any supplementary forms and/or guidance as provided by Council.

### Confirmation by the applicant

I/we confirm that I/we have read and understood the information and will comply with our obligations as set out.
