Building

Building fees and charges are charged under the Building Act 2004. Building infringements are determined by statute and can be found in the Building (Infringement Offences, Fees and Forms) Regulations 2007. The Building Research Association of New Zealand (BRANZ) levy is charge under the Building Research Levies Act 1969. The Ministry of Business, Innovation and Employment (MBIE) levy is charged under the Building Levy Order 2005.

Building consent applications

Government levies

Certain building consent applications must pay government levies in addition to Council's building consent fees below. We collect the levies and pay them to the Building Research Association of New Zealand (BRANZ) and the Ministry of Business, Innovation and Employment (MBIE).

Building research levy	\$1.00 per \$1,000 value or part thereof for project valued at \$20,000 or more
MBIE levy	\$1.75 per \$1,000 value or part thereof for project valued at \$20,444 or more

Accreditation fee

All building consent applications must pay a Council accreditation fee, in addition to Council's building consent fees. To issue building consents, we have to meet certain standards set by the government (accreditation). This fee helps to cover the cost of meeting those requirements (Building Accreditation of Building Consent Authorities Regulations 2006).

Accreditation fee	per consent application	\$45.00	no change
-------------------	-------------------------	---------	-----------

Building fees

All our fees are "deposits" unless we identify them as "fixed". This means we may charge additional fees if necessary to cover the actual time involved. Our fees are set at 100% of the average time involved. However, if you have a large or complex building project, you should budget to receive additional fees on top of your deposit.

You'll need to pay all your levies and fees at the time you lodge your application. If we need to charge you additional fees, you'll need to pay those before we can provide you with the approved consent or code compliance certificate.
