Conditions of consent

The operator must:

- comply with all rules and regulations applicable to the operation of a remotely piloted aircraft system (including Part 101 of the Civil Aviation Rules and any other applicable rules or any rules and regulations amending or replacing the same);
- comply with the Privacy Commissioner guidelines relating to preserving peoples personal privacy when using a remotely piloted aircraft system;
- not operate the remotely piloted aircraft system within 10 metres of any residential boundaries and buildings;
- not operate the remotely piloted aircraft system within 12 metres of any overhead power or telecommunication cables;
- not fly the remotely piloted aircraft system within 10 metres of any other users of the land it is being operated on;
- not operate the remotely piloted aircraft system within 10 metres of or over any buildings or structures on the land it is being operated on;
- only operate the remotely piloted aircraft system over the land authorised at all times and not over any road or roadway;
- ensure that all safety features (which shall include rotor guards on drones) are installed and maintained while in use; and
- cease operation if requested to do so by a Council staff member or representative.

This consent may be revoked at any time.
