Building Control

Building fees and charges are charged under the Building Act 2004. Building infringements are determined by statute and can be found in the Building (Infringement Offences, Fees and Forms) Regulations 2007. The Building Research Association of New Zealand (BRANZ) levy is charge under the Building Research Levies Act 1969. The Ministry of Business, Innovation and Employment (MBIE) levy is charged under the Building Levy Order 2005.

Building advice Application and compliance advice	First half hour no charge then at the Officers rate per hour or part thereof

Building consent applications

Government levies

Certain building consent applications must pay government levies in addition to Council's building consent fees below. We collect the levies and pay them to the Building Research Association of New Zealand (BRANZ) and the Ministry of Business, Innovation and Employment (MBIE).

Building research levy	\$1.00 per \$1,000 value or part thereof for project valued at \$20,000 or more
MBIE levy	\$1.75 per \$1,000 value or part thereof for project valued at \$20,444 or more

Building Control

Accreditation fee

All building consent applications will incur a council accreditation charge, in addition to Council's building consent fees. To issue building consents, we have to meet certain standards set by the government (accreditation). This fee helps to cover the cost of meeting those requirements (Building Accreditation of Building Consent Authorities Regulations 2006).

Accreditation fee	per consent application	\$45.00	\$45.00
-------------------	-------------------------	---------	---------

Simpli Portal and GoGet Administration Fee

The following charges are applicable to every building consent, in addition to the consent fees detailed below

Simpli Portal Fee	per consent application	\$45.00	\$45.00
GoGet Administration Fee	per consent application	\$87.00	\$87.00

Building fees

All our fees are indicative unless we identify them as fixed. This means we may charge additional fees if necessary to cover the actual time involved and inspections required. Our indicative fees are shown at 100% of the average time involved for previous consents. However, if you have a large or complex building project, or you have a large amount of RFI's (Requests for Information) during processing, you should budget for your building consent to be higher than this indicative amount.

When the processing of your consent is complete, you will be invoiced for the applicable fees and levies payable. You will need to pay your levies and fees in full, prior to the consent being issued. Once the work is complete, if additional inspections or building officer time were required during the `build`, you will be invoiced for these fees and required to make payment, prior to the issue of your Code Compliance Certificate.
