Kia ora

I refer to your official information request dated 22 August 2024, seeking information about consent for a culvert that provides access to 56 Halls Road.

A stormwater assessment was provided as part of the application for consent. Tararua District Council required the stormwater assessment to be peer reviewed, and an engineer was engaged to undertake that review. The conditions of the subdivision consent relating to the vehicle crossing are:

3. Prior to requesting approval under Section 224 of the Resource Management Act 1991, the vehicle crossing to Lot 1 must be upgraded in accordance with Council Standards for access to roads in the Rural Management Area as set out in Appendix 12 of the District Plan.

Note: A vehicle crossing application must be filled out and submitted with the appropriate fee to Council prior to the commencement of construction.

4. Prior to requesting approval under Section 224 of the Resource Management Act 1991, the double vehicle crossing to Lot 2 must be constructed in accordance with Council Standards for access to roads in the Rural Management Area as set out in Appendix 12 of the District Plan. The crossing shall include the installation of a 600mm diameter culvert beneath the crossing.

Note: A vehicle crossing application must be filled out and submitted with the appropriate fee to Council prior to the commencement of construction.

Subject: CM: Request for information re culvert at 56 Halls Road Pahiatua

Kia ora

This email is to acknowledge receipt of your request for information, regarding the culvert at 56 Halls Road, Pahiatua. We will endeavour to respond to your request as soon as possible and in any event no later than 19 September 2024, being 20 working days after the day your request was received. If we are unable to respond to your request by then, we will notify you of an extension of that timeframe.

As part of our commitment to openness and accountability, we are now proactively publishing copies of requests for information and the responses provided to these requests, on our website. In doing so, we will ensure we comply with the provisions of the Privacy Act 2020 and redact any personal / identifying information from any response published. If you have any questions about this, please don't hesitate to get in contact with me.

Address where issue is located: 56 Halls Road Pahiatua

Report: When Halls Road was flooded last Sunday by water over the road, one of the major issues was the restriction of water that could not flow as required through the recently installed culvert that allows access to number 56 Halls Rd. Questions - Was this culvert consented and therefore sized appropriately? If not will council sort this out to prevent unnecessary road closures in the future? Thanks [REDACTED]
