I refer to your official information request dated 2 June 2025 for a comprehensive, exhaustive, and complete list of all roads within the jurisdiction of our agency.

The information you have requested is set out below:

There is not an easy way to compare the two sets of data between our Asset Management System, and the data available to be exported from the National Speed Limit Register. The NSLR does not give an export of all the roads, only the areas.

A comparison was made by doing some spot checks and it appears that the speed signs we have in AWM are lining up with what are in the district, meaning there is not a sign that is not an indication of the speed limit as per NSLR.

We have not made any changes/adjustments since 2014.

Attached is a list of roads and where there is a speed limit sign. The list does not indicate every RP with its speed limit, only where we have speed limit signs on the road.

Please note that we could not include any speed limit signs for the Saddle Road (and the Oxford Road section in between) as this road is still managed by NZTA until handed back to us.

We do not need infringement information for our asset(roading) data management purposes. This info will need to be requested from the NZ Police.

You have the right to seek an investigation and review by the Ombudsman of this decision.

Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Subject: Request under the Local Government Official Information and Meetings Act 1987 (LGOIMA)

EXTERNAL EMAIL ALERT: Caution advised. This message is from an external sender. Verify the sender's identity and use caution with attachments and links.

To Whom It May Concern

Pursuant to the Local Government Official Information and Meetings Act 1987, I request a

comprehensive, exhaustive, and complete list of all roads within the jurisdiction of your agency, as a Road Controlling Authority (RCA), where:

1. The term “road” shall be defined in accordance with the Land Transport Rule: Setting of Speed Limits 2024, which adopts the same definition as the Land Transport Act 1998.
2. For each such road (or part thereof), there is a sign-posted speed limit in effect as of 2 June 2025, where the sign:
 - Complies with all requirements specified in section 8 of the Land Transport Rule: Setting of Speed Limits 2024; and
 - Displays a speed limit that is lower than the legal or default speed limit for the same section of road, as recorded in the National Speed Limit Register (NSLR) as at 2 June 2025.
3. The information should specify, for each road (or section of road) identified:
 - The legal speed limit (as per the NSLR) for that road section, as at 2 June 2025.
 - The sign-posted speed limit displayed on the relevant speed limit sign(s), as at 2 June 2025.
 - Any supporting information or explanations the RCA holds regarding the discrepancy between the legal speed limit and the sign-posted speed limit.
 - Any information held by the RCA regarding the number of speed limit infringements, of any kind, that have been issued to road users on the identified roads (or sections of roads).

If any part of this request is likely to be refused or requires further clarification, please inform me as soon as practicable so that I may amend or refine my request to facilitate prompt processing.

Yours faithfully,
