## Alcohol Licensing Fees

Fee are set by the Sale and Supply of Alcohol (fees) Regulations 2013, effective 18 December 2013.

The fees for the alcohol licensing system involves assessing the risk that an operation might create, including the type of premises, the hours of operation and any enforcement issues over the past 18 months.

Further details of the assessment criteria of risks can be obtained from the Ministry of Justice website.

A premises' fee category determines the application and annual fees that the licensee has to pay.

## Building Services

Building Services fees and charges listed below have been set according to the Building Act 2004. They enable the Manawatū District Council to recover the costs associated with processing applications, undertaking inspections and related work.

### Fixed Fees - Fast track building consents (10 working days)

In addition to the fixed charges are any bonds that may be applicable, any structural engineering checking fees, vehicle crossing processing and inspection fees and any legal or consultancy cost that Council may incur during the processing of the applications.

In addition to the charges prescribed by the Manawatū District Council, are levies imposed by the Building Research Association of New Zealand (BRANZ) and the Ministry of Business, Innovation and Employment (MBIE). The BRANZ levy of \$1.00 per \$1,000 and the MBIE levy of \$1.75 per \$1,000 are applied to all building consents and Certificates of Acceptance that have building work valued at \$20,444.00 incl. GST or more.

e.g., work value = \$35,000 BRANZ = \$35.00 MBIE = \$61.25

These levies could be subject to change by the relevant authority.

Fixed fees (excluding fireplaces and minor building work) include a fixed planning fee of \$50.00.
